

CEHS-NEC 02

The CEHS-NEC 02 cable is ideal for all users of professional headsets, in combination with NEC Digital phones, DT3xx/4xx/7xx/830, where a headset port is available, in n-SIP/i-SIP mode only.

This cable is an enhancement for any contact center or corporate office environment. It has been specially designed to make calls convenient to manage – thanks to easy set-up, single-button operation as well as efficient and flexible answering/ending of calls. The CEHS-NEC 02 is compatible with the wireless office headsets series DW Series and D 10 Series.

BENEFITS AND FEATURES

- Remotely answer your phone calls
- Handle all calls by the press of a single button, i.e. end the call
- Get notified from the distance about incoming calls by the ring tone in the headset
- Efficient and flexible call handling i.e. take or end the call
- Call control towards the phone without using a mechanical handset lifter
- Enables call freedom and enhances usability
- Easy setup
